

MONTANA PUBLIC HEALTH LABORATORY

Laboratory Services Bureau

800-821-7284

Critelli Courier Service received the new contract for both routine and emergency pickups of specimens of public health significance. Critelli will transport specimens from designated healthcare facilities around the state to the Montana Public Health Laboratory for testing.

Below you will find the courier locations with pickup times. The times reflected in this schedule are the earliest the courier will arrive. Please have all specimens ready by the designated time.

If a sample/specimen must be delivered on an emergency basis, outside of regular pickup arrangements, please contact the MTPHL at 800-821-7284 to arrange for pickup. Critelli will provide emergency pickup service within two (2) hours plus reasonable travel from time of notification. Remember that suspect Category A specimens/isolates must be packaged as Category A agents.
